

Headache

2019

Headache
Oh for goodness sake
How can i think
I feel as fuzzy as mink
My neck is tense
My brain is dense
Nothing makes sense
Donald trump, mike pence
Is there no relief ?
Great barrier reef
Headache
What a mistake
Did i make
For this pain I take ?
Go jump in a lake
Lie down
Close my eyes
Get outta town
Eat some frys
Nothing helps
Aspirin? Ive tried them all
Advil, motrin and tylenol
Drink caffeine
Pinch my spleen
Eat icecream
I wish it was a dream
But it's my waking nightmare
Do you care?
Unless you share my pain
You can't complain
There are rocks in my head
I rather be dead
Will it ever cease ?
Where is my sweet release ?
Eat a hot sub
Get a shoulder rub
Pet a bear cub
Still feel like a schlub
Im cranky, angry and bitter
Go call the babysitter
Put your hands together to pray

Ask the Lord to take the pain away
And he will someday
For now it will stay
The moment seems everlasting
My walls are crashing
My sandity is dashing
The anguish is not passing
The music keeps blasting
My nerves are thrashing
I'm in a vice grip
Im gonna trip
If it gets much worse
Just stick me in the hurse
It's almost midnight
And just now... I feel alright

Wow *rolls eyes*
